ANNOUNCEMENT

Last night around eleven o'clock our dear friend, and colleague, Sufi Master.

Sir Naveed Maqbool

Has knowingly departed his - fully healthy - body in London in the presence of friends.

Sir Naveed as he was called by his 'lads' who were his followers, declared that he had accomplished his mission for the lifetime.

We are grateful to Naveed who has been our guest, friend and colleague in Ron's Org Netherlands in Montfoort for the last three years.

Naveed collected, meticulously copied, re-recorded and digitalized our full library of LRH materials. While doing this he listened to the lectures, studied and restudied the books.

Naveed - often being fully exterior to the physical universe - assisted us in Multi Genius Technologies, Un-Ltd in many areas incl. upper OT Level research, in the areas of OT III and beyond, actual GPMs etc culminating in a special version of considerations processing which he developed.

Finally in the last months following our discovery of Spiritologie, he found in Andreas a spiritual brother and embraced and immediately applied the subject by auditing several of our close friends and associates to the Clear State.

Naveed never made a secret of his intention to leave the current body at a relatively young age, he just did not tell us the exact date.

We at MGT Concepts will take over some of the cycles and projects Naveed started as we had already agreed earlier on.

We wish him well in his future endeavors! Bye for now, dear Naveed!

Much love,
Caspar and Jolanda
Multi Genius Technologies, Un-Ltd
